

Department of Agriculture  
BUREAU OF SOILS AND WATER MANAGEMENT  
"NATIONAL SOIL SAMPLING AND TESTING FOR FERTILITY AND CROP SUITABILITY ASSESSMENT"  
**FERTILIZER-GUIDE FOR RICE**  
**PROVINCE OF NUEVA ECIJA**

Municipality	Fertilizer-Guide Group		Additional 10-20 bags/ha Organic Fertilizer is recommended for all options																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																									
			INBRED RICE									HYBRID RICE																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																
			WET SEASON					DRY SEASON				WET SEASON																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																

Application schedule:  
1st - after last harrowing  
2nd - 10-14 DAT  
3rd - 20-25 DAT  
DAT - days after transplanting

Fertilizer materials:  
Complete (14-14-14)  
Urea (46-0-0)  
Ammophos (16-20-0)  
Solophos (0-18-0)  
Muriate of Potash (0-0-60)
